

No One Famous

My hero is no one famous
But he really, truly should be.
He has always been there to lift me up
When bad news has come to me.

My hero is no one famous
But he always, always cares.
He helps you through the bad times
He is amazing, just to me.

My hero is no one famous
He is special in and out.
He is always there to listen
And always there to care.

My hero is no one famous
He isn't very old.
He saved my life three times
And his story should be told.

My hero is no one famous
He is a surgeon to be precise.
I really want to be like him
To help save people's lives.
