

My Favourite Things

Here are a few of my favourite things
Like when I am boxing and up in the ring
Now Mohammed Ali, he was the king
These are my favourite things.
Football is great, I do love that too
I play some, I watch some, my favourite's Man U
I play at the park, my friends all come too
These are my favourite things.
Favourite movies at home on the telly
Hot chocolate fudge cake, warm in my belly
Parties and Easter, birthdays and jelly
These are my favourite things.
Great days out with all of my friends
Summer breaks, I don't want to end
My broken bike that Dad always mends
These are my favourite things.
Boxing, biking, swimming, running
Christmas Eve when Santa's coming
Turkey and snowballs, fingers numbing
These are my favourite things.
Family days we are all together
Long country walks in hot sunny weather
My mum and dad and sister and brothers
These are my favourite things.
My dog and my ducks, my turtle and hens
Meeting my grandpa who lives in the Fens
Now that you know, I'll come to an end
These are my favourite things
These are my favourite things.
