POEM EXAMPLES

ACROSTIC EXAMPLES

POLAR BEARS

Polar bears live in the Arctic
On the ice they wander
Looking for food to eat
All the ice is melting
Really hard to swim so far
Be kinder to our planet
Earth is warming up
Animals are suffering
Rescue them from global warming
Save the polar bears!

THE FOREST

Forests have lots of animals
On the plants I see tiny insects
Rocks and bushes on the ground
Everywhere you look is green
So peaceful
Trees all around.

RIDDLE EXAMPLES

WHAT AM I?

I come from all directions
I am sometimes warm, but mostly cold
Trees bow to me
I will try to blow your hat off
You can use me for power
I am a type of weather
What am I?

Answer: The wind.

WHAT AM I?

I am a sphere
I am one of eight of my kind
I am mostly blue and green, with some
brown and white
There is no one else like me
I have one moon
I am the third closest to the sun
You live on me!
What am I?

Answer: The Earth.

ENDANGERED ANIMALS

Some animals are in danger
Their homes are being chopped down
When I see animals in danger
It always makes me frown

We need to help the animals
This is what we need to do
Save the forests and the animals
Remember, they live here too.

BEING OUTSIDE

I love to be outside,
Nature makes me happy.
Birds tweeting, plants rustling,
Breathing in the fresh air.
It makes me feel so much better,
If I can run around outside.
Don't spend all day indoors,
Spend time with nature,
It will make you happy!
